

## Acoustical Perspective on Raga-Rasa Theory

Filesize: 8.19 MB

### ***Reviews***

*Thorough information for ebook enthusiasts. It is rally fascinating throgh reading through period of time. It is extremely difficult to leave it before concluding, once you begin to read the book.*  
*(Hillard Macejkovic)*

## ACOUSTICAL PERSPECTIVE ON RAGA-RASA THEORY

Munshiram Manoharlal Publishers Pvt. Ltd., New Delhi, India, 2000. Hardbound. Book Condition: New. Dust Jacket Condition: New. First Edition. Rasa, as an aesthetic experience, has always been a dominant feature of art and art criticism in India. This study examines rasa as related to Indian music, specially the raga. A new approach has been made for understanding the complex issue of raga-rasa relation, wherein, theories and tools of modern scientific technology have been employed. This may perhaps be the first work in recent times to examine the aspects of intonation and melodic movement in the actual performance context, using very sensitive computer software. A specially innovative section of the book deals with a detailed comparison between Indian and Western viewpoints on the issue of music and emotion. The exhaustive literature survey presented on the subject of raga-rasa provides excellent source material on the subject. It includes the historical evolution of rasa as applied to various aspects of Indian music. Although no specificity in terms of a particular rasa can be attached to the aesthetic experience associated with a raga, this study reassures that the principles inherent in a raga and their aesthetic capabilities are not mere theoretical norms but a reality leading to the blissful experience of rasa. Printed Pages: 160 with 54 graphs. Size: 14 Cms x 22 Cms.
