GAO found that: (1) DOD reimbursed contractors through overhead amounts in prime contracts, subcontracts, and a negotiated settlement; (2) decisions on reimbursement varied from complete denial to reimbursement in proportion to the government s share of a company s business; (3) contracting officers varied widely in the extent of investigations into possible wrongdoing by contractors; (4) federal acquisition laws, regulations, and policies do not provide specific guidance to decisionmakers on how to treat environmental clean-up costs; and (5) the varied types of reimbursements made in the cases examined may not be enough to prevent continued inconsistent reimbursement decisions.
