Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Cash and Credit The object of this little book is to provide the reader with a stepping stone from which, fortified with a firm grasp of elementary principles, he may proceed to the study of more ambitious works. An attempt has been made to give a sketch of the theory of money in its more practical aspects, but, owing to limitations of space, many subjects of importance have been altogether omitted. No mention has been made of bi-metallism, of index numbers, of the cost of production theory, or, indeed, of many other questions which will be found discussed in more systematic treatises. To such treatises, therefore, the reader must go in order to complete his studies. The classic Lombard Street of Bagehot and Mr Hartley Wither s luminous work The Meaning of Money present the subject of monetary theory from the point of view of the city man. Similar, but more technical, books are Mr George Clare s Money Market Primer and his Foreign Exchanges. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
