

Understanding Maths: Fractions (2nd Revised edition)

By Hilary Koll, Steve Mills

Schofield & Sims Ltd. Paperback. Book Condition: new. BRAND NEW, Understanding Maths: Fractions (2nd Revised edition), Hilary Koll, Steve Mills, Understanding Maths is a series of topic-based study books for children in Key Stage 2, providing rigorous practice of key subject areas. Each topic contains a concise summary of the information required by the National Curriculum, making the series ideal for use as preparation for the Key Stage 2 tests. Each book is a stand-alone resource, so children can either work through them in order or focus on individual aspects of the subject. Together, the nine books support the whole of the Key Stage 2 maths curriculum, providing a solid foundation for success in maths. Fractions meets the National Curriculum requirements for Key Stage 2 maths, and covers the following areas: comparing and ordering fractions, common denominators, simplifying fractions, unit fractions, equivalent fractions, multiplying fractions, adding and subtracting fractions, tenths, hundreds and thousandths, mixed numbers and improper fractions. This book builds an understanding of fractions and how they can be represented and used to solve problems. Key features of Understanding Maths include: an 'Explanation' to introduce each topic; activities to consolidate and revise knowledge and skills; thought-provoking facts to foster...
